WHO WE ARE

Our Vision

Our vision is to create a community that supports and uplifts those fighting breast cancer, because no one should have to fight alone.

Our Mission

We wish to give hope to those facing breast cancer and those walking the journey with them.

Our Programs

Hope for the Journey provides resources and programming to the West Georgia community through five main channels of support: financial assistance and resources, counseling, spiritual support, education (outreach and awareness), and peer support and knowledge through special programs and ongoing support groups. Our organization strives to empower those women and their loved ones as they walk the journey and continue to fight breast cancer.

WHAT'S NEXT?

We are gearing up to do it all again!
